

Alcoa Foundation Leadership Grants for Arts Managers

Application Deadline: _____

Name: _____ Organization: _____ Date: _____

Narrative (feel free to continue your answers on the back or on a separate piece of paper)

Discuss the experiences in which the grant enabled you to participate, and how this will impact both your organization and your capacity as an arts manager. Would you recommend your experience to other arts managers? Explain. Was the amount of the grant enough to make a difference to you/your organization? Do you have any other information to share?

We ask each grantee to offer an informal lunch-hour session in our offices for fellow arts managers. You may talk about the project supported by this grant or another topic in arts administration in which you are a relative expert or especially interested. What would you like to talk about? (We will talk further about this—but if you have an idea, please share it.)
